## CENTRAL FIGURE IN COTTON FIGHT.

A new and interesting photograph of Daniel P. Sully, the man who led the great bull nevement in cotton and has taken a front rank among New York great speculators.

DEFIES MANDATE OF BOARD.

-Miss Etta L Meintyre and P J. Morrissey, both of Staunton, Macoupin County, were married yesterday at Edwardsville by the Reverend Pootee J. L. Cumingham. It was their second matrimodial trip to the county seat of Madison. On the previous day, when questioned by the clerk, Miss McIntyre owned up that she was about It, so the license was denied. They returned yesterday, accompanied by her father, William McIntyre, who said that his daughter was 18 and gave his consent.

## SUMMARY OF ST. LOUIS MARKETS.

Sharp reactions in the value of options attended a general effort on the part of shorts to cover in yesterday's market. Traders who had been selling short for several days in anticipation of a Government report which in every way realized their expectations turned buyers as soon as the news was out. Domestic conditions were favorable to the selfing side. Receipts were again heavy and weather indications were not materially changed. There was not much of an export demand and foreign markets were generally easy. Broomhalf and Bradstreet furnished most of the bullish news in the shape of statements that the Argentine movement to Europe was on the decline and that the world's visible supply had decreased during the week. Offerings were light and most of the longs held

their lines firmly in an effort to force the shorts to cover.

Trading in corn was moderate and the range of values was in line with wheat fluctuations. Reccipts were heavy, but there was a good cash demand for mixed and yellow

May wheat opened 1-16c off and closed 5ac up.

May corn opened the up and closed this up. May outs closed the off.

Receipts of produce were light and values for fruits and vegetables were generally Activity in local securities was confined to tractions. Transit advanced and United

Yesterday's bank clearings were \$9,449,000, balances \$86,540. Discount rates were steady between 5 and 6 per cent.

Spot cotton was quiet and unchanged in the local market,

SHORTS RUSH TO COVER AND VALUES ADVANCE.

FOREIGN ADVICES FAVOR, THE BUYERS.

Corn Follows Wheat on the Upturn Though Receipts Con-

side the longs took advantage of an opportunity to make a profit out of the nervous-ness of their adversaries. Foreign markets were generally easy, and there was not much of an export demand. Reports that Argentine shipments were failing off and that the world's visibe supply decreased during the week were partly responsible for

MEN, Read It.

Dear Sir—As requested, I will write you after using your Belt for 20 days. I must say that my kidneys have not been us well in years as they are at been us well in years as they are the same of the property.

Dr. McLaughlin's Electric Belt Will Do This for You.

been as well in years as they are at present. The weakness that I formerly experienced troubles me no further. Respectfully.

What would you give to have your old vimback again? What would you not sacrifice to feel as you fild a few years ago to have the same snap and energy, the same gladsome, joyeus. light-hearted spirit and the physical strength you used to have? You know you are not the same man, and you know you would like to be. You might as well be. It's easy I am making men out of weeks every day, and I can make you as good a man as you ever were with

Dr. McLaughlin's Electric Belt.

My arguments are good, my system is good, but I kyrsw fou haven't time to study these. You want proof, and I give you that, and lots of it. When your own neighbor tells you I cured him you will know I did it.

Tell me where you are and I'll give you the name of a man in your own town I've cured.

for a case of Nervous Debility, Varicocele, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Disease, Indigestion, Constipation or any weakness which I cannot cure with my new improved Electric Belt, the marvel of electricians, the most wonderful curative device that has ever been introduced.

The Electric Attachment carries the current direct to the weak parts and cures all weakness, varicocele, etc. No case of Falling Vigor, Varicocele or Debility can resist this powerful Electric Attachment. It never falls to cure. It is free with Belts.

No man should be weak, no man should suffer the loss of that vital element which renders life worth living. No man should allow himself to become less a man than nature intended him; no man should suffer when there is athand a certain cure for his weakness, a check to his waste of power.

Most of the pains, most of the weakness of the stomach, heart, brain and nerve, from which men suffer, are due to an early loss of nature's reserve power. You need not suffer for this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives. My Belt has Free Electric Attachment for weak people.

Call and Test II To-Day. If You Can't Call, Send for My Book, Free.

I know that no man remains a weakling because he wants to. I am sure you want to overcome every indication of early decay that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as a Sandow; and I know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that—you who can't believe it—and I want you to have my book, in which I describe how I learned that strength was only electricity, and how I learned to restore it. Also, I want to tell you the names of some men who will tell you that when they came to me they were physical wrecks, and are now among the finest specimens of physical manhood.

I want you to read this book and learn the truth about my arguments. If you are not as vicorous as you would like to be, if you have rheumatic pains, loss of vitality, nervous spells, varioocele or any allment of that kind that unmans you, it would assure you of future happiness if you would look into this method of mine. Don't delay it; your best days are slipping by. If you want this book, I send it closely scaled, free, if you send this ad.

W. I. McLAUGHLIN.
